VOL. XXVI, NO. 92

GAINESVILLE, FLORIDA, TUESDAY, MAY 25, 1909

TEN CENTS A WEEK

WRITING OF LETTERS COST THEM POSITIONS

Doings of Secret Sessions of Senate Made Known. Williams' Oyster Bill Passed.

TALLAHASSEE, May 24.—With the discharge of L. Algee, one of the two Senate stenographers, and the request for the resignation of Assistant State Chemist B. K. Bridges, which has been received, the Senate Saturday afternoon, after a long executive session, unbottled the sensation which it had been keeping to itself.

While it is expected to prove a lesson to Senate attaches, it really was not such a terrible sensation as had been expected. Hours have been spent in executive session over the matter during the past few days.

From what information was given out, the two young men wrote to a brewing company in St. Louis in regard to the Humphries bill defining intoxicating beverages as those having over two per cent of alcohol in them. The letter, it is stated, made certain offers if a named amount was deposited in a bank—at any rate the transaction looked shady to the Senate.

The letter was sent to the Jacksonville representative of the brewing company, who in turn sent it to a representative of the corporation interested in Tallahassee. It was turned over to Senator Dayton then, and the trouble was on. Mr. Bridges was in Jacksonville a few days ago on business and was brought up by a deputy sheriff on an attachment issued by the Senate for him as a witness.

The young men were perfectly frank when questioned by the executive session and the Senators do not believe that they fully realized just what they were doing amounted to.

It was stated by a Senator that the action taken was the least that the Senate could do in the matter, but that it was believed that under the circumstances it was punishment enough. Both young men are highly regarded by all who know them and the whole affair is regarded as unfortunate.

Senators state that no further action will be taken.

Oyster Bill Passed.

After nearly three days of the most vigilant work by Senator Williams of Cedar Key, and a discussion before the Senate for that time, that body finally passed his general oyster bill on the third reading.

The bill is most sweeping and in its amended form is expected to prove most beneficial to the industry as well as a producer of revenue for the State, if it is agreed to by the House.

Aside from making public the executive business, the chief sensation Saturday lay in the fact that not a single new bill was introduced in the body.

Child Labor Discussed.

Following an eloquent address in

behalf of the Farris child labor bill by the Speaker, its author, the House spent the entire afternoon upon the consideration of that measure but no conclusion had been reached by the time adjournment was taken.

Saturday morning an important bill was introduced by Cash of Taylor, relating to primary elections and intended to purify them.

The House also reconsidered and then passed the bill appropriating \$5,000 for a silver service for the battleship Florida.

Many Bills Will Die.

Confronted by over six hundred bills, the Florida Legislature has only eleven more days. The session of 1909 will then pass into history and it now looks very much as if a person will be able to count on his fingers the number of general bills enacted during the sixty days. Strictly speaking this week will be the last so far as ordinary legislation is concerned. The last week is always taken up almost entirely with the discussion of the general revenue and the general appropriation bills. Members are already anxiously grasping every opportunity to get their pet measures down on the list of special orders so that they will at least die an honorable death in preference to an ignominious decease on the calendars.

Committees Return.

The various investigating committees have nearly all returned now. The one that visited the State Reform School at Marianna has reported and the others will in a few days. The one that went to the State Reform School wasn't overly pleased in every particular. So far as those in charge were concerned, the management isn't so bad, but the school is very poorly equipped and is costing the State far more than it ought to, considering what there is to show for it. The committee even suggested that if the school cannot be run under less exorbitant amounts than in the past that it would really be advisable to abolish the institution.

The Everglades drainage joint committee comes back the best pleased of the bunch. Chairman Thorp West of Marianna has always been an opponent of drainage, but he came back convinced, and the same was true of the others. By their request they were accompanied by former Governor Broward, who is perhaps more thoroughly familiar with every phase of the drainage work than any other one man. They went to Lauderdale on the East Coast canal. They went next down to Fort Myers to the Caloosahatchee.

The committee appointed to investigate the Insane Asylum at Chatta-

MISS ADDIE GOODE LEADS IN THE RACE

MAKES FINE RUN SINCE ENTERING THE CONTEST.

List Shows That Great Amount of Money Is Being Spent With the Business Houses.

The great Co-Operative Contest, which is the largest ever attempted in this section, is proving a business-getter for the large number of business firms connected with it.

Interest is on the increase and at all times during the day you can see candidates on the streets soliciting business for the business houses in order to get the votes.

Miss Goode has made a most remarkable race since entering the contest just two weeks ago and it only proves what can be done by energetic work.

Following is the result:

Gainesville—Central Section.

Miss Addie Goode	848,695
Miss Jessie Evans	836,375
Miss Margaret Ledbetter	227,130
Miss Estelle Beal	127,260
Miss Bessie Carver	90,385
Miss Nora Stalls	39,725
Miss Gertrude Harrod	38,790
Miss Myra Swearingen	16,655
Miss Blanche Thompson	15,125
Miss Aura M. Lewis	12,985
Miss Mary Fernandez	9,445
Miss Mabel Williams	7,435
Miss Alice Schafer	6,135
Mrs. N. W. Taylor	5,345
Miss Annie Bell Taylor	4,550
Miss Mamie Crouch	4,315
Miss Eva Banknight	3,055
Miss Grace Bullard	2,690
Miss Maude McKay	2,295
Miss Ella Bailey	2,280
Miss Fannie Whiting	1,475

Eastern and Southern District.

Miss Hattie English, Tacoma	142,195
Miss Mabel McCredie, Mcnopy	135,035
Miss Lornie McCredie, Mcnopy	96,250
Miss Bessie Waits, Hawthorn	72,855

Miss Lucinda Bryant, Bell	60,545
Miss Rosa Lee Rives, High	

hooche has nearly completed its work. It is understood that there is really little that will be in the least sensational in the report, as conditions are understood to have been found very good.

ALL WHEELS STOPPED ON GEORGIA RAILROAD

Complete Tie-Up Sunday and the Striking Firemen Wait for Railroad Company to Act.

AUGUSTA, Ga., May 24.—The Georgia Railroad was completely tied up last night. The management did not try to move trains, simply announcing that it has the men, the means and the equipment to proceed and will do so when the State announces ready to protect its property and employees.

The strikers are standing pat. They assert that they have not been and will not be parties to any violence. Sympathizers with the strikers, it is set out, have done all the hurt that has been done.

General Manager Thomas K. Scott last night made the announcement that "no trains are moving." Governor Hoke Smith wired the sheriff of McDuffie county to co-operate with the municipal authorities and to summon all deputies necessary to protect life and property. It is in this county that Thomson is located and it is at Thomson that the crowd issued their ultimatum Friday night that no trains should pass carrying either non-union or negro firemen. Governor Smith has also asked the sheriff there to keep him fully advised of the situation.

Freight Shipments Hunted.

The Governor has also wired the sheriffs of Rockdale and DeKalb counties, giving them information that engineers claim to have been rocked at Conyers and Lithonia and urging upon them prompt action for the protection of the railroad's employees and property.

From the offices of the Georgia Railroad here last night it was announced that all freight accumulated at Atlanta for Augusta and points beyond will be moved by the Central and Seaboard. The Georgia road freight station here will be open today for delivery of freight to consignees, but shippers are requested to withhold all shipments until further notice.

er notice. After thus admitting how complete is the tie-up the road says: "The Georgia road is omitting nothing that offers promise or early resumption."

The Georgia Railroad is 171 miles long from Atlanta to Augusta, and branches at Camak to Macon, at Barnett to Washington, at Union Point to White Plains and also at Union Point to Athens. It is owned by a stock company and is being operated by the Louisville and Nashville, lessee. The Atlantic Coast Line is joint lessee. It employs 2,400 to 2,500 men, 400 of whom are in the train service. Its last monthly payroll was \$80,000.

Firemen Stand Pat.

AUGUSTA, Ga., May 24.—The striking firemen have entered into no negotiations. Vice-President Kelley stated last night that so far as he was held yesterday, but it was the situation from Saturday night.

A meeting of the local organization was held yesterday, but it was the regular monthly communication of the lodge, and the strike was discussed only incidentally.

The firemen are simply awaiting developments. Their instructions are to keep away from any gathering of strike sympathizers, and to take no part in any demonstration.

"We mean to make the railroad realize our value, that is all," declared Vice-President Kelley.

A fireman is reported to have been taken from a switch engine in the Georgia Railroad yards yesterday. Straggling crowds gathered at the Union Station every time a Georgia train was due to arrive or depart, but as there was nothing moving on the line they soon disappeared.

Detectives Serve As Firemen.

ATHENS, Ga., May 24.—After Saturday night's experience in which several men were hurt by the throwing of rocks at Will Williamson, a white fireman on a Georgia train, everything is quiet now.

A Georgia train made the trip to Union Point Sunday morning and returned but did not go out in the afternoon, the engineer deeming it unsafe. Williamson quit his job and two detectives fired the engine.

One Georgia Train Reaches Macon.

MACON, Ga., May 24.—Only one train over the Georgia road entered Macon yesterday and no train was

(Continued on Page Five.)

Live Oak Man Nabbed as He Set Building Ablaze

LIVE OAK, May 24.—Early yesterday morning a man named Goff was arrested in his meat market which is in a building on Ohio avenue. Late Saturday evening he was found by officers at the building, and told them he was watching his building in the fear that a negro boy who was in his employ intended to set it afire. The officers sent him toward Live

telling him that they would watch. Later, they assert, Goff returned, and the night marshal and two other men say they saw him as he went into his store, and hiding outside watched him when he poured kerosene about in the building, and struck a match to it. "As he came out of the building he was arrested and placed in jail. Goff begged the officers to shoot him. The building was saved from total destruction by the fire department.

Officers Elected by the Horticultural Society

The Florida Horticultural Society, which was in session at Daytona last week, elected its officers as follows:

Prof. H. Harold Hume of Glen St. Mary was placed in nomination for president, and being the only nominee, the unanimous vote of the house was cast for him as president.

Nominations then being in order, successively, for first, second and third vice-presidents, the following nominees were elected by a unanimous vote: First Vice-President, W. C. Temper, Winter Park; Second Vice-President, H. B. Stevens, DeLand; Third Vice-President, B. F.

Chilton, New Smyrna, all of whom expressed surprise at their election, but pledged their best efforts for the society.

E. O. Painter of Jacksonville was unanimously re-elected secretary.

W. S. Hart of Hawks Park was re-elected to the office of treasurer.

The following executive committee was elected by ballot: Prof. P. H. Rolfs of Gainesville, G. L. Taber of Glen St. Mary, and E. S. Hubbard of Federal Point.

Quite a delegation from Gainesville attended the meeting.

Orlando was chosen as the next meeting place.

DR. CURRY'S SPLENDID SERMON AT TABERNACLE

LARGE CONGREGATIONS PRESENT AT BOTH SERVICES.

"Wisdom Hath Builded Her House, She Has Hewn Out Seven Pillars," Was Subject.

Vast audiences were present Sunday morning and evening to hear the opening exercises of the University commencement. The faculty had invited Dr. Curry, of Memphis, to preach the Baccalaureate Sermon, and the members of the Student Y. M. C. A., learning that Dr. Curry was one of the most popular clergymen that had ever officiated in Gainesville, also extended to him an invitation to deliver the annual address before them. The enormous congregations proved how delighted the people of Gainesville were to have an opportunity of hearing Dr. Curry again.

Both services were held in the Tabernacle. In the morning the enormous auditorium was packed; in the evening there were but few vacant seats.

The exercises of the morning began with a chorus, "Come Into Our Hearts and Abide," well rendered by the young ladies of the Gainesville High School. This chorus did credit to the teaching of Miss Titman, of the High School. The violin obligato was by Prof. Woitz. The invocation was by Dr. Sledd, after which the quartet and chorus choir, with Miss Fennell at the piano, led the congregation in singing "Holy, Holy, Holy, Lord God Almighty." Dr. Curry then read selections from the eleventh chapter of the Epistle to the Hebrews, and from the third chapter of Proverbs. After the prayer which followed the reading of the Scripture, the High School chorus sang an exquisite response. This was followed by a tenor solo well rendered by Mr. Maddox. After this the congregation and choir sang "Come, Thou Almighty King!" Announcements of the other commencement exercises were then made by Dr. Sledd, after which he introduced Dr. A. B. Curry.

Dr. Curry, after expressing his pleasure at seeing so many of his old friends, took as his text the first verse from the ninth chapter of Proverbs: "Wisdom hath builded her house, she has hewn out her seven pillars." He drew a clear and epigrammatic distinction between wisdom and knowledge. A man may be full of knowledge and yet have no wisdom; he may be learned, and yet unwise. Knowledge is of man, wisdom comes from God. Knowledge is but the acquisition of facts, wisdom is the ability to apply facts. Wisdom is the power to discern the best ends and apply the best means to attain them. It is one of the most precious and valuable gifts of God; its force is above riches, and its gain above silver and gold. If men rightly understood the value of wisdom, they would make greater efforts to attain it than to acquire the wealth of this world.

Then the speaker gave a vivid description of the structure of an Oriental house with its supporting pillars and interior court. This building to be perfect and fit for the use of mankind must be strong and beautiful. In the figurative language of the East, seven is a perfect number, and the seven pillars of the building show that it is perfect.

Then, with apt scriptural quotations, he drew a likeness between men and a building: "Know ye not ye are the temple of God." "When man is right, when his character is rightly constructed, he is the noblest building in creation, far surpassing Solomon's temple and the Temple of Dana of Ephesus. And it is true of some men that wisdom has built in them. I want you to study the characters of the good man, the seven-pillared man.

"The first of these pillars is Physical Perfection. No man is independent of his body and although many great men have been weak physically, their greatness was in spite of this." With many illustrations the preacher showed what influence an engaging physical appearance had had in the careers of many of the world's leaders. Strong, comely, graceful, beautiful bodies are a God-given source of power. This is warrant enough for college athletics. As far as athletics

How to Save Paint Bills

BE careful not to use imitation paints or substitutes for pure white lead containing clay, chalk, etc., that will surely crack, scale and fade and will cost you more to burn off than to put on.

CARTER STRICTLY PURE WHITE LEAD

is most economical of all paint, spreads best, covers more and wears longest. Ask your painter to use CARTER LEAD PAINT

SOLD BY

Baird Hardware Co.

develops a man, it is not only allowable but necessary.

"The second pillar is Intelligence. A man may be physically perfect and yet nothing more than a powerful brute. One may be great in spite of a weak body, but one cannot be great with weak intelligence, and although a man without education may accomplish much, with education he will accomplish more. Of the men mentioned in "Who's Who?" only two-fifths of one per cent were absolutely self-made; only ten per cent had merely a common school education; sixteen per cent had a high school course; seventy-four per cent were college-bred. According to this a college education increases a high school boy's chance of success nine times, the chances of a boy with a common school training two hundred and nineteen times, of an illiterate boy eight hundred times. This shows the value of a college training in increasing the efficiency and happiness of its students. I charge you to recognize one of wisdom's necessary pillars.

"The third pillar is Virtue. The first two pillars increase a man's power, but they may increase it for evil, they may make him a curse to society." The lives of Joseph, of Solomon, of Asaph, of Aaron Burr, of Charles S. Parnell, were alluded to in order to show how necessary this pillar is in building the house. To be truly successful, to accomplish good, to build a house strong and beautiful, the pillar of virtue is essential; otherwise the building will go down in shame.

"The fourth pillar is Resolution or Will-power. Without this a man is like a rudderless boat; with it he is like a great Atlantic liner safely making the destined port. The greatest trouble with many young men is that they lack a clear-cut purpose, and have no aim in life but the pursuit of pleasure. They build houses without a plan, they sail vessels without a chart or course. Form a purpose, then bring in your will-power.

"The fifth pillar is Hope. This is one of the greatest factors in a man's success; without it continued effort is impossible. A man can fight for a forlorn hope, but there must be hope of some kind. Hell is Hell, because over its main portal is written, 'Let him who enters here leave Hope behind.' Lack of hope paralyzes all human effort; all great achievements have hope as their guiding star. Do not be pessimistic, do not lose hope; be optimistic. Do not look at the hole in the doughnut—look at the encircling ring.

The sixth pillar is Love for our Fellow-Men. Without this no character is strong or beautiful. The greatest of African explorers was David Livingstone. His purpose was not to increase British territory, not

CLOSING EXERCISES OF THE NEWBERRY SCHOOL

WAS AN OLD-FASHIONED "SCHOOL EXHIBITION."

Institution Has Accomplished Good Work, and Prof. Kean Will Be Asked to Remain.

The closing exercises of the Newberry High School took place on Thursday and Friday of last week. It was an old-fashioned "school exhibition." The school auditorium could not hold the audience, and a large brush arbor and stage was built on the outside. The pupils all acquitted themselves in a creditable manner.

Both evenings were taken up with drills, pantomimes and comedies. The last number on Friday evening was "From Pumpkin Swamp," which, in all of its thirty years' presentation at school entertainments, has never been better presented than by the school pupils of Newberry.

This has been one of the most successful years in the history of the Newberry school. The school has been raised from a rural graded school to a junior high school, the enrollment has made a gain of twenty-five per cent and the average attendance has increased proportionately. A large petition has been circulated, with not only the names of the patrons but a number of the most influential citizens of the town, requesting Prof. A. D. Kean, the principal of the school, to remain another year.

to exploit the resources of the country, not to hurt or seek adventure; his motive was love, he was seeking to heal the open sore of the world."

Dr. Curry here introduced a striking contrast between George Washington and Napoleon Bonaparte: the one prompted by selfish ambition, the other moved by tender, unselfish patriotism and disinterested love for the American people. We cannot rise to the greatest heights without this love. The human greatness of Jesus of Nazareth was due to his love for the common people.

"The seventh pillar is Faith in God. This brings man into contact with the source of all good. This will regulate all his other good qualities; this will bring him into harmony with God. No creature can ignore his creator and succeed—in the end he must fail. No man is truly great until linked through faith to the eternal God. What have men of no faith accomplished? Nothing! There is not one single government founded on atheism; it takes men of faith to found a government. Moses, Isaiah, David, Augustine, Columbanus, Calvin, Knox, Luther, Cromwell, Lee, Jackson—all these were men of faith. Faith alone makes men able to bring things to pass."

Then the speaker introduced a sharp contrast of the great Duke of Marlborough with John Wesley. Today the latter has 13,000,000 followers, and many millions more are ready to do him reverence.

"Emerson wrote 'Hitch your wagon to a star.' I say 'Hitch your wagon to the throne of God through a living faith. May Wisdom's house be your house, perfect in strength and beauty."

The congregation then sang "Nearer, My God, to Thee," and was dismissed by Dr. Curry with the benediction.

ALL WHEELS STOPPED ON GEORGIA RAILROAD

(Continued from Page One.)

operated out. The incoming train due shortly after eleven reached here after four in the afternoon.

Strikers at this point remain in absolute quiet and there is no apparent inclination to raise a disturbance.

After a heavy meal, take a couple of Doan's Regulets, and give your stomach, liver and bowels the help they will need. Regulets bring easy, regular passages of the bowels.

A Sarsaparilla Free from Alcohol

Is alcohol a tonic? No! Does it make the blood pure? No! Does it strengthen the nerves? No! Is Ayer's Sarsaparilla a tonic? Yes! Does it make the blood pure? Yes! Does it strengthen the nerves? Yes! By asking your doctor you can learn more about this family medicine. Follow his advice.

S.S.S. NATURE'S TONIC

The very great majority of persons need a tonic in the Spring or early Summer. The system undergoes a change at this season and the entire physical machinery is disturbed. The general bodily weakness, a tired, worn-out feeling, fickle appetite, poor digestion, a half sick feeling and a general run-down condition of the system, show that the blood is weak or anaemic, and a blood purifying tonic is needed to build up the deranged system and enrich the blood. The use of S.S.S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the long, hot Summer. Many people have put off using a tonic until the system became so weakened and depleted it could not successfully throw off disease germs, and have paid for the neglect with a spell of fever, malaria or some other debilitating sickness. S.S.S. is Nature's ideal tonic. It is a composition of the extracts and juices of roots, herbs and barks which science and experience have proven are best fitted for a tonic to the human system. It contains no minerals of any kind and is therefore perfectly safe for persons of any age. S.S.S. tones up the stomach and digestion, rids the system of that tired, worn-out feeling, and imparts vigor and strength to every part of the body. It purifies and enriches the blood, stimulates the secreting and excreting members to better action, quiets the over-strained nerves, and makes one feel better in every way.

GRADUATING EXERCISES OF STATE UNIVERSITY

OPINION OF JUDGES TO BE RENDERED THIS MORNING.

Grand Event Will Close With Ball
Tonight at the Beautiful
Elks' Club.

The auditorium of the High School building was well-filled at the declaration contest Monday morning between the young men of the Freshmen and Sophomore classes of the University of Florida.

On this occasion it seemed as if the audience took special interest in the declaimers, as the manner in which the lovely flowers were contributed showed the high esteem in which the young men are held.

Two contests took place in the evening were between four members of the Junior Class, and the second between four members of the Junior Class.

In both instances the opinions of the judges will be held until this morning at the closing of the graduating exercises, which will commence promptly at 10:30 o'clock.

In the program today A. Hadley Taylor will be valedictorian; F. T. Wilson, salutatorian, with two A. B's, six B. B's, and two M. S's, all of the graduating class.

The main address will be delivered by Dr. Jas. H. Dillard of Tulane University, who arrived in the city last night. He will be the guest of Col. W. W. Hampton during his stay here.

The exercises will close this evening with a grand ball, which will be given by the young men of the University and will probably be held at the Elks' Club.

A Happy Father

Is soon turned to a sad one if he has to walk the floor every night with a crying baby. McGee's Baby Elixir will make the child well—soothe its nerves, induce healthy, normal slumber. Best for disordered bowels and sour stomach—all teething babies need it. Pleasant to take, sure, and safe, contains no harmful drugs. Price 25 and 50 cents per bottle. Sold by W. M. Johnson.

AT THE BAIRD THEATRE.

Program Last Night Greatly Enjoyed
by Fair-Sized Audience.

The moving pictures at the New Baird last evening drew a good-sized audience who appeared highly appreciative of the efforts put forth by the new resident manager, C. M. Wheeler, to give the local public the best there is in moving picture subjects. His baseball score slides of results in the South Atlantic League were eagerly noted, and as he has arranged for a daily service in that line patrons of the entertainment at the Baird are assured of the earliest accounts of the games in which all local fans are most interested.

An illustrated song was added to the usual program of films and another, entitled "On the Banks of the Old Mill Stream," will be featured tonight. Probably the entire public is perfectly familiar with the unusually cool auditorium of this house, and the ample exit facilities obviate any possible danger from fire or sudden alarms which might induce panic.

Don't forget that for a couple of hours' enjoyment you can find no place more attractive than the entertainment at the New Baird every evening.

BABY SHOW TOMORROW.

Lawn Fete on Seminary Lawn for
Benefit of Public Library.

The lawn fete for the benefit of the Public Library will positively take place on the Seminary lawn Wednesday afternoon. The attractions mentioned before will take place—the May-pole dance and baby show, also ice cream and cake will be served.

Mothers will please have the babies at Mrs. W. W. Hampton's lawn at 4 o'clock sharp. The prizes before mentioned are on exhibition and will be awarded on that occasion. Please give us your patronage, have a big time and help a worthy cause.

BANKRUPTCY NOTICE.

In the District Court of the United States, Northern District of Florida—in Bankruptcy—In the Matter of Daniel William Holder, Voluntary Bankrupt—in Bankruptcy.

To the Creditors of Daniel William Holder of Newberry, Florida, in the county of Alachua, and district aforesaid, a bankrupt:

Notice is hereby given that on the 24th day of May, A. D. 1909, the said Daniel William Holder was duly adjudicated a bankrupt; and that the first meeting of the creditors of said bankrupt will be held at Gainesville, Florida, in offices of Clark & Fielding, on the 4th day of June, A. D. 1909, at 2 o'clock in the afternoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt, and transact such other business as may properly come before the said meeting.

This the 24th day of May, A. D. 1909. THOS. W. FIELDING,
Referee in Bankruptcy,
Gainesville, Fla.

A Smile

Is a pretty hard thing to accomplish when you're blue, bilious and out of sorts. There is a sure cure for all kinds of stomach and liver complaints—constipation and dyspepsia. Ballard's Herbina is mild, yet absolutely effective in all cases. Price 50 cents per bottle. Sold by W. M. Johnson.

CITY COUNCIL SHOULD TAKE SOME ACTION

OLD LAUNDRY BUILDING SET ON
FIRE SUNDAY.

Blaze Was Discovered in Time and
Extinguished With the Chemical Engines.

The City Council should take some action regarding the old laundry building which was partially burned and have it torn away, as it seems to be bothering someone a great deal in its present state.

Sunday morning at about 4 o'clock it was discovered to be on fire near the center of the building and there is no doubt that this was the work of incendiaries, for there was no occasion to have any fire about the building at all since it was first burned.

In its present shape it is an eyesore and the owner of the fragments should be required to tear it away and stop this action of the party who is evidently determined to have it placed out of the way.

This is not the only building that has been fired in this vicinity, and some steps should also be taken to watch out for the culprits and arrest them for this offense, which is a serious one. A disastrous fire in this immediate territory would entail a great loss to a large number of people.

Only the two chemical engines were required to extinguish the fire, for luckily it was discovered by the night policeman in time to awaken the firemen, who are located only a few feet distant.

For COLDS and GRIP

Hicks' CAPUDINE is the best remedy—relieves the aching and feverishness—cures the cold and restores normal conditions. It's liquid—effects immediately. 10c, 25c and 50c at drug stores.

PEACH MOVEMENT.

Orchards from This County Now
Shipping Fancy Fruit.

The Gainesville Peach Orchard Company is now shipping peaches from their grove located only a few miles west of Gainesville and will in a few days more be shipping in car lots.

Besides the movement of peaches from this handsome and extensive farm there are a number of orchards located near Newberry that are also picking fruit and forwarding to the Northern markets.

The Swine or the Flower?

Ah me! I saw a huge and loathsome sty, wherein a drove of wallowing swine were barred,
Whose banquet shocked the nostril and the eye;
Then spoke a voice, "Behold the source of lard!"
I fled, and saw a field that seemed at first One glistening mass of roses pure and white,
With dewy buds 'mid dark green foliage nursed;
And, as I lingered o'er the lovely sight, The summer breeze, that cooled that Southern scene, Whispered, "Behold the source of COTTOLINE!"

TO NEWBERRY BY AUTO

Automobile leaves Miller & Vidal's daily except Sunday at 10:30 a. m. Returning, leaves Newberry at 2:30 p. m. A CONVENIENT and TIME-SAVING ROUTE.

Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia.

Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

We knew what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do.

It is easy for you to prove Kodol—the next (or the first) time you have an attack of indigestion. And you will certainly be surprised at the results. It is perfectly harmless.

There can be no harm in trying something that may do you a great deal of good—when it costs you nothing if it doesn't.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight page, forty column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for \$1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

The Sick Man of Europe will try absent treatment.

Texas is the only State big enough to have hailstones the size of beer barrels.

Great excitement at the North Pole. W. Wellman again listed for an early appearance.

A new metal has been discovered in Maine just in time to get a front seat in the tariff bill.

If many more animals "bite the dust" over in Africa soon, we fear the landscape will be all chewed up before the Colonel gets well started on that hunt.

Those obstreperous Western statesmen in Congress! General Harrison said they were a "hard lot to manage" in his day. They do not seem to have outgrown it altogether.

The Jacksonville charter bill is not having altogether smooth sailing in the Legislature. It provides for a commission form of government and is meeting with considerable opposition.

D. Swift & Co., patent lawyers, Washington, D. C., report the following patents issued to Floridians last week: C. W. Akers, Jacksonville, torch; J. C. Crawson, Pensacola, nut-lock.

Queen Wilhelmina of Holland looks as if she might be level-headed enough to sidestep indulgently the advice she is destined to get from her old maid relatives on how to rear that baby.

Former State Superintendent W. N. Sheats will be principal of the Lakeland High School the next term. He is an educator of great ability and the Lakeland people are fortunate in securing his services.

An election will be held in Sumter county on July 8th to decide the county site location. Sumterville is the present seat of government. Webster, Coleman and other places have been mentioned as candidates.

DeLand is having troubles of her own. Three members of the city council have tendered their resignations as a result, it is said, of the defeat of the charter amendment bill which Governor Gilchrist vetoed. A special election will be held to fill the vacancies.

If Mr. James Patten's recent wheat manipulations really do bring about a wholesale corn bread revival in this country, it may be that he was a blessing in disguise, after all. Corn bread is not only exceedingly good to eat and highly nutritious, but comparatively inexpensive. This is no joke—it is a delightful and undoubtedly cheerful truth.

The Industrial Edition of The Tampa Tribune, issued Sunday, was a great paper. It contained fifty-six pages, including news section, and was profusely illustrated, giving an exhaustive description of the environments and resources of Tampa and other cities in Hillsborough county. The Tribune is doing a great work for the advancement and up-building of South Florida.

THE GOVERNOR'S MESSAGE.

On Friday last Governor Gilchrist sent a special message to the Legislature on the Wallis claim. In the opinion of The Index, there was no special reason for sending in a message on this subject at this time, as both branches of the Legislature had previously declined to favorably consider the Wallis claim.

But the Governor's message, which covered fifteen pages of closely typewritten legal-cap sheets, offered little if anything new in regard to the history or merits of the claim. An explanation as to why he thought the \$25,000 appropriated six years ago, and a suggestion as to a division between Wallis and Beard, were included in the message; but these, too, are intangible.

In another message to the Senate on Monday, the Governor, in referring to the Wallis claim message, stated that certain newspapers of the State had intimated, directly or indirectly, that the Legislature had repudiated the State's solemn obligation and that, in order to have the people know that the honor of the State is protected, he had sent copies of the message to these newspapers for publication, but so far they had refused to do so.

The Governor, in the opinion of The Index, cannot consistently feel aggrieved because this message has not been printed. Its contents would fill the columns of the average weekly paper, to the utter exclusion of all other matter, and the larger papers, with sufficient space to carry the message, might easily be forgiven for devoting their columns to real, live news matter. Besides, those newspapers that have taken the time and trouble to examine into the merits of the Wallis claim, may be pardoned for entertaining views different from those expressed in the Governor's message, especially after considering the able and exhaustive report submitted by the Senate Committee of 1903, and reported to the Senate over the signature of "W. A. Blount, Acting Chairman."

So far as The Index knows, the present Legislature has not been charged with repudiating the obligations of the State, but it cannot be denied that as long as Colonel Wallis is denied the right to have his claim adjudicated by the courts of the State the conclusion is inevitably forced upon The Index, and other newspapers, of the State, and the people of Florida generally, that the Legislature, though not repudiating the claim, is creating a condition with similar results.

No better argument has been offered in support of the effort of Colonel Wallis' friends to get this claim into the courts of the State than is contained in the Governor's message itself. This document, from the beginning to end, is a mass of acts, contracts, resolutions, accounts, opinions, guesses, conclusions and other more mystifying and confusing matter that positively and forever precludes the average legislator—for no other reason than lack of time to study law and history—from mastering the details of the claim, that a reasonable and just conclusion might be reached.

The Index having been one of the Governor's most ardent supporters in the last campaign, and feeling that its editor can still claim the right to be his friend, writes this in explanation and defense of the country press of Florida, those papers which were his strongest supporters when he needed them, and which do not deserve his censure.—Lake City Index, May 21.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

Take Hall's Family Pills for constipation.

TAFT AND THE TARIFF.

President Taft, outlining his views regarding the tariff recently, remarked that he hoped to see, in so far as possible, raw materials on the free list. He said he had no patience with the disposition of the Republicans to put iron ore on the dutiable list. He appreciated there was a chance that with free ore a small amount would be imported from Cuba and manufactured in the States bordering on the Gulf of Mexico. It would be impossible to bring Cuban ore north to manufacture because of the transportation charges. In so far as the Cuban ore supplied the demands of the Southern manufacturers it would diminish the profits of the steel trust, but Mr. Taft had no objection whatever to that, especially as the manufacture of the Cuban ore in the Southern States would increase the demand for skilled labor in that section.

The President did not seek to impress these views on Congress, but he assumed, and naturally, that when the subject came to a vote in the Senate the Democratic Senators would vote solidly with the progressive Republicans for free iron ore. His surprise and disappointment when he learned that eighteen Democratic Senators had voted with the organization for a duty of 40 cents a ton on iron ore can be imagined. It is as lamentable as it is indisputable that had the Democratic members of the Senate stood solidly for lower duties, voting their entire strength with the Republican progressives, they could have compelled a tremendous reduction of the duties. Instead, they have been divided on every vote and "the High Priest of Protection," Senator Aldrich, now boasts that he cannot be defeated, for no matter how many Republicans may go over to the progressive faction, he will always control the situation. Arrogant as this boast may seem, the Democrats have, on every vote, done their best to demonstrate its correctness.

The underwriters say there have been too many tannery fires in New England recently, and are wondering at the cause. There have also been too many windstorms in Indiana and Illinois, Tennessee and Arkansas this spring. We wonder why?

Senator Rayner of Maryland, although unopposed for re-election, will have to pay something like \$17,000 primary fees, it appears. Still, Senator Stephenson of Wisconsin doubtless looks on that as all kinds of a bargain.

BOARD OF CONTROL HAD MONDAY SESSION

AUDIT AND APPROVE BILLS OF
THE STATE UNIVERSITY.

Believe That Work is Soon to Com-
mence on the Administration
and Science Buildings.

The State Board of Control held a business session here Monday at which the regular auditing of bills and other matters came up for attention.

The members present on this occasion were N. P. Bryan, Jacksonville, chairman; E. L. Wartmann, Citra; P. K. Yonge, Pensacola, and Secretary Pro Tem G. E. Campbell of Tallahassee, who is acting for Secretary Kelum while he is attending to his duties at the session of the Legislature.

Besides attending the regular routine business of the board the members are here for the purpose of being present at the commencement exercises and to look over the grounds and buildings with a view to commencing operations at some time in the near future.

While the board is non-committal, it is generally believed that they will commence operations as soon as funds are available, and judging from a remark made by one of them to a Sun reporter Monday it is thought that among the first buildings constructed will be the administration and science buildings, both of which are very badly needed at the present time. This member of the committee stated that the main building of the Deaf and Dumb Institute at St. Augustine is well under way and everything is favorable for its early completion.

Following the exercises here the board will leave for Tallahassee to be present at the College for Women for the next few days.

GOPHER SOUP

By ANNIE McQUEEN

The Legislature of Florida, moved by the pathetic appeals of an eloquent member of that body, has passed a bill to protect that esteemed member of the tortoise family termed in Cracker parlance "Gopher." As the writer once had the pleasure to assist in making Gopher soup, now legally declared the State dish of Florida, she takes pleasure in giving the recipe to an appreciative public.

First—and too much stress cannot be placed upon this—catch your Gopher! Go out in the piney-woods, which is its native habitat, and wander around till you come across a Gopher-hole. Then dig. Keep digging straight down, for a mile, more or less, till you reach the end. You'll probably find the Gopher won't be at home, but his room-mate, the rattlesnake, will very likely be in, and you can leave your regrets with him, and seek another domicile where the head of the family is not out calling. If none of the members of the Gopher family are in, they are certainly out, so you wander around some more, and, in the course of time, you'll likely meet a pedestrian Gopher, strolling home after a hard day's work in search of his daily grubs. Catch him—it's easy, as his gait is even slower than that of the Cracker of his native State—take him home, and call a Committee of Ways and Means for the easiest way of killing Gophers—being a Christian you can't boil it alive, as they do Maryland terrapin—in the cook-books. With the aid of the family, the servants and the neighbors, you can probably succeed in pulling the head—the only vulnerable part of the Gopher—far enough out of its shell to decapitate it. I simply will not describe this process! I have no desire to get into a difficulty with the Society for the Prevention of Cruelty to Animals.

When the head is removed, the Gopher is supposed to be defunct, deceased, dead and incapacitated. By way of warning, let me adjure you not to let him, by any chance, get your finger in his mouth, for, though I have never seen such an occurrence myself, I am informed by truthful witnesses that a Gopher always holds on till it thunders.

The Gopher being rendered harmless, another committee is called to decide on the best and safest way of removing the Gopher proper from the Gopher shell. This is of necessity a leisurely task, requiring unlimited time, patience and manual labor on the part of the chief operator. In plain Latin, the modus operandi is this: Place the Gopher in a position where he cannot bounce too far to be recovered, then aim a blow at the shell with a heavy ax. Pick it up, after the act of bouncing, and place it in position once more—and chop some more—and some more still, till that adamant shell is unfurnished, after which it is best to summon Gopher-experts to decide on what parts of the animal are edible. You will find that the consensus of opinion has it that the legs only can be eaten—they being the only meat visible in the anatomy of the Gopher. Secure the legs—don't ask me how! I do not believe in unnecessary gruesome details. Pour boiling water over them for a very long time, when the skin will at last come off; it takes a man of muscle to do this part—a baseball player who has had practice at the bat will answer very well, if he is handy. This task at last accomplished, you will find that you have left some weird fragments, infinitesimally small, which furnishes the name for the soup. In making this, use a sufficient quantity of boiling water, some pepper, mustard, Worcester sauce, sherry, browned flower, bacon, butter, onions, crackers, and anything else you have around handy. Usually the Gopher is added—but you can use your own judgment about this!

And then don't forget this—just as ready to serve add to each plate a generous dash of fine Poutet couch claret or good old Amontillado sherry. Then shut your eyes and dream!

Many ills come from impure blood. Can't have pure blood with faulty digestion, lazy liver and sluggish bowels. Burdock Blood Bitters strengthens stomach, bowels and liver, and purifies the blood.

Sun "Want" ads. bring results.

MICANOPY SCHOOL CLOSED FOR SEASON

FIVE PUPILS AWARDED DIPLOMAS
FOR COMPLETING COURSE.

Performance by Gainesville Vaude-
ville Co. Good—New Business
Enterprises to Be Started.

MICANOPY, May 24.—The Micanopy Junior High School closed last Thursday after an eight-months' term.

The following pupils were awarded diplomas for having completed the Junior course: Grace Holloway, Anita Thrasher, Leon Thrasher, Clarence Watkins and John Barr Watkins. The principal, Miss Collins, left for Waycross, Ga., on Friday. Miss Grace Fogg, the first assistant, will spend the summer in the East.

The children all seem glad to be out of school again.

The Gainesville Vaudeville Company gave a performance at Feaster's Hall on Thursday night. Quite a crowd was out to see the boys, and all seemed to enjoy themselves. We hope they will come again.

Dr. Edwin Schlater was in town Saturday.

The Micanopy "Sprouts" went up to play the Gainesville "Buds" Friday. We hear the "Sprouts" showed the "Buds" how to play ball.

Mrs. Carlton's brick building is showing up pretty well. It will be ready for occupancy by July 1st. When completed it will be one of the nicest buildings in town.

With electric lights a certainty, a bottling works nearly ready for business, an ice plant coming, we are beginning to feel like we can put on a few city airs a little later on.

A committee waited upon the officials of the Atlantic Coast Line in Jacksonville last week to see if the trains known as No. 9 and 10 couldn't be run into Micanopy. The officials seem willing to do this if things can be arranged satisfactory to the transportation department.

The Standard Oil Company is preparing to build a tank here near the Coast Line depot.

J. P. O'Dell is home again after a few days on the road.

Misses Price and Baldwin of McIntosh are visiting here for a few days.

W. R. Abstein has moved into his new home just opposite the Tusawilla Hotel.

Mr. and Mrs. J. W. Chamberlin of Tacoma were in town Saturday.

RICH RED BLOOD

Means Rosy Cheeks, Clear Complex-
ion, Bright Eyes and Plenty
of Energy.

What does rich, red blood mean? It means brains, vitality, ambition, hopefulness, persistency, and everything worth living for.

But you can't have rich, red blood, if your digestion is imperfect; and your digestion is certainly imperfect if you have sour stomach, bad taste in mouth, lump of lead after eating, belching of gas and nervous unrest. So far-reaching is the effect of indigestion, that many times the eyesight is affected.

If you have indigestion or any symptom of stomach distress or agony J. W. McCollum & Co. will sell you a mighty good remedy for 50 cents, and guarantee it to cure or money back.

The remedy is called MI-ONA. Its powerful, reconstructive action on the stomach is little short of marvelous. It tones up, strengthens and puts new life and energy into the worn out stomach in a few days. It cures by removing the cause. If you are suffering, try a large 50-cent box. It's a small price to pay for banishing indigestion.

MI-ONA is sold by leading druggists in every town in America, and by J. W. McCollum & Co. in Gainesville, for 50 cents a box.

MI-ONA Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach disease or money back. Large box of tablets 50 cents. Druggists in all towns.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. WORKING FOR MAIN LINE A. C. L. RAILWAY

MICANOPY CITIZENS IN TALLAHASSEE AGITATING MATTER.

Want Road Built Across the Prairie
to That City, Which Will Form
the Main Line.

Micanopy citizens want to be placed on the main line of the A. C. L. railway and with this end in view have sent a delegation to Tallahassee to work up the matter and thoroughly agitate it before the Legislature and the Railroad Commission.

The committee sent to the State capital comprises Dr. H. L. Montgomery, Dr. J. D. Watkins, C. E. Melton and Mr. Hyde. It is understood that they will furnish the right-of-way for this proposed new route and will also assist the railway people otherwise in making the changes which will give them a new and improved service.

It is also claimed that the new route will shorten the distance to the south over five miles, which would be another advantage to the railroad.

The amount of money that would be required to construct the new roadway is not mentioned and just what they propose to do along this line is not known, but for the good of a fast-growing place we trust that they will receive the consideration that they deserve and a much better service than they are at present enjoying.

Everybody is likely to have kidney and bladder trouble. In fact nearly everybody has some trouble of this kind. That is the reason why you so often have pains in the back and groin, scalding sensation, urinary disorders, etc.—that's your kidneys. The best thing to do is to get some of DeWitt's Kidney and Bladder Pills right away. Take them for a few days or a week or so and you will feel all right. In this way, too, you will ward off dangerous and possible serious ailments. They are perfectly harmless, and are not only antiseptic, but allay pain quickly by their properties. Send your name to E. C. DeWitt & Co., Chicago, for a free trial box. They are sold here by all druggists.

Bright and Hot.
"Smith got off a bright thing the other day."
"What was it?"
"A lighted cigar some one had carelessly dropped into the chair he sat on."—London Fun.

A Living Skeleton
Is the final condition of any child that has worms—if it lives. Think of having something in your stomach that eats all you take as nourishment. Nine-tenths of the babies have worms—maybe yours has. Be certain that it has not by giving it White's Cream Vermifuge—it expels all worms and is a tonic for the baby. Price 25 cents. Sold by W. M. Johnson.

Disgusted.
"Loafer the First—I thought this were unemployed fund was for charity. Loafer the Second—So it is, ain't it? Loafer the First—It ain't. It means work."—London Sketch.

Itching, torturing skin eruptions, disfigure, annoy, drive one wild. Doan's Ointment brings quick relief and lasting cures. Fifty cents at any drug store.

Card of Thanks.
We desire to extend thanks to all for acts of kindness upon the death of Mrs. Brevard, who died recently at Half Moon. A FRIEND.

CLEANLY WOMAN.
Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

ARTICLES OF INCORPORATION OF KRAFT PAPER COMPANY. NOTICE OF INTENTION TO APPLY FOR LETTERS PATENT.

Notice is hereby given that the undersigned intend to apply to the Governor of the State of Florida, at Tallahassee, Florida, for Letters Patent incorporating Kraft Paper Company under the laws of the State of Florida with and under the following proposed charter, the original of which is now on file in the office of the Secretary of the State of Florida.

B. F. WILLIAMSON,
FRANK H. CHASE,
C. D. DENNIS.

Proposed Charter of Kraft Paper Company.

The undersigned hereby associate themselves together for the purpose of becoming incorporated and forming a corporation under and by virtue of the laws of the State of Florida, with and under the following proposed charter:

Article I—The name of this corporation shall be KRAFT PAPER COMPANY, and its principal place of business shall be Gainesville, Alachua county, Florida. That said company may have such branch offices and other places of business in the State of Florida and in other States and in foreign countries as said corporation shall desire.

Article II—The general nature of the business to be transacted by said corporation shall be the making and manufacturing of pulp and paper and other products from pine and other woods, or other raw materials, and the owning, constructing, operating and maintaining manufacturing plants, and the buying, leasing, acquiring, marketing, selling, conveying and disposing of such pulp and paper and other products and goods manufactured from pine and other woods, and also woods, materials and all kinds of products of pulp, paper and similar materials and supplies, and the business of buying, selling and dealing in pulp, paper and other manufactured products from pine and other wood, and like materials, goods and chattels and other property and appurtenances and rights, licenses and privileges pertaining to any and all of the above-mentioned business. And for the purpose aforesaid, to buy, sell, hold, mortgage and lease property, real and personal. To receive payment for capital stock in this company in money or in property, labor or services, at a just valuation thereof to be fixed by the stockholders or Board of Directors. To borrow money and secure the same and moneys otherwise owing by it by mortgages, deeds, bonds, notes or other obligations therefor. To make contracts, of any kind whatsoever, for the furtherance of its purposes and businesses, including agreements or contracts between the said corporation and individuals or other corporations. Also to acquire, own, lease, sell and dispose of all property, real and personal, of every nature and description that may be necessary or proper to the conduct of said business or businesses. To buy, sell, pledge, own or acquire stock or stocks in this or any other corporation, and to do any and all things necessary and proper in and incident to the business or businesses aforesaid, or any of them, and to act as brokers and agents in the conduct of like business for others, and to exercise all rights, powers or privileges now or hereafter conferred by law upon corporations organized under the provisions of the law of the State of Florida, authorizing the formation of this corporation.

Article III—The amount of capital stock of this corporation shall be Two Million Five Hundred Thousand Dollars (\$2,500,000), divided into shares of One Hundred Dollars (\$100.00) each. All or any of said capital stock of said corporation may be payable in or issued or used for the purpose of property, labor or services at a just valuation thereof, to be fixed by the incorporators or by the Board of Directors at a meeting called for that purpose.

Article IV—The term for which said corporation shall exist shall be ninety-nine (99) years.

Article V—The officers of said corporation shall be a President, a Vice-President, a Secretary and Treasurer, to be elected by the Board of Directors, and a board of not less than three (3) Directors to be elected by the stockholders. The same person may hold the office of Secretary and Treasurer. Any of the above-named officers may also be elected General Manager by the said Board of Directors.

The officers of the said corporation who shall conduct the business of the corporation until those who shall be elected at the first election shall be qualified are Bailey F. Williamson, President; Frank H. Chase, Vice-President; C. D. Dennis, Secretary and Treasurer, and Bailey F. Williamson, Frank H. Chase and C. D. Dennis as Directors.

Such officers and directors shall be elected on the first Tuesday in February in each year.

Article VI—The highest amount of indebtedness or liability to which said corporation can at any time subject itself is Two Million Dollars (\$2,000,000.)

Article VII—The said corporation shall adopt a corporate seal, and may adopt by-laws for the government of its affairs not inconsistent with its articles of incorporation or the laws of the State of Florida, and the said by-

laws may be amended or repealed and others adopted from time to time as may be provided in said by-laws.

Article VIII—The names and residences of the incorporators of said corporation and its subscribers to stock thereof, with the number of shares of its capital stock subscribed for by each, are as follows:

B. F. Williamson, Gainesville, Fla., 3,000 shares.

Frank H. Chase, Chicago, Ill., 2,100 shares.

C. D. Dennis, Gainesville, Fla., 10 shares.

State of Florida.)
County of Alachua.)

Personally appeared before me B. F. Williamson, Frank H. Chase and C. D. Dennis, to me well-known as the persons who executed the foregoing Articles of Incorporation of the Kraft Paper Company, and who each severally and duly acknowledged that he executed the same for the purposes therein expressed.

In Witness Whereof, I have hereunto set my hand and official seal this 8th day of May, A. D. 1909.

HARVEY P. ROBINSON,
Notary Public State of Florida at large. My commission expires May 18, 1909.

Note: On account of there being another paper house in the State using the name of Florida Paper Company the Secretary of State ordered a change in our name. We have therefore changed the name from Florida Paper Company to Kraft Paper Company and will ask for Letters Patent under above-mentioned name.

Let a want ad. negotiate a trade for you—of something you don't need for something you do.

FOR SALE.

FOR SALE—Typewriter ribbons, both copy and record, 75 cents each. Sun office.

FOR SALE—Corner lot 100x125 feet on West Main St. north and Bounded by St., next to Jeff Kendrick. Will sell at a bargain and on easy terms. Apply at Sun office.

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Fierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

ABOUT ADVERTISING—NO. 6

If It Fits You Wear This Cap

By Herbert Kaufman

Advertising isn't a crucible with which lazy, bigoted and incapable merchants can turn incompetency into success—but one into which brains and tenacity and courage can be poured and changed into dollars. It is only a short cut across the fields—not a moving platform. You can't "get there" without "going some."

It's a game in which the worker—not the shirker—gets rich.

By its measurement every man stands for what he is and for what he does, not for what he was and what he did.

Every day in the advertising world is another day and has to be taken care of with the same energy as it's yesterday.

The quitter can't survive where the plugger has a ghost of a chance.

Advertising doesn't take the place of business talent or business management. It simply tells what the business is and how it is managed. The snob whose father created and who is content to live on what was handed to him can't stand up against the man who knows he must build for himself.

What makes you think that you are entitled to prosper as well as a competitor who works twice as hard for his prosperity?

Why should as many people come to your store as patronize a shop that makes an endeavor to get their trade and shows them that it is worth while to come to its doors?

Why should a newspaper send as many customers to you in half the time it took to fill an establishment which advertised twice as long and paid twice as much for its publicity?

This is the day when the best man wins—after he proves that he is the best man—when the best store wins, when it has shown that it is the best store—when the best goods win, after they've been demonstrated to be the best goods.

If you want the plum you can't get it by lying under the tree with your mouth open waiting for it to drop—too many other men are willing to climb out on the limb and risk their necks in their eagerness to get it away from you.

It is a man's game—this advertising—just hanging on and tugging and straining all the time to get and keep ahead. It is the finite expression of the law of competition which sits in blind-folded justice over the markets of the world.

(Copyright, 1908, by Tribune Company, Chicago.)

GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.
One garage.
Four hotels.
Four banks.
Four dairies.
One foundry.
Water works.
Ten churches.
One gas plant.
Two tin shops.
Three bakeries.
Ten physicians.
Six fruit stores.
Two gunsmiths.
Six restaurants.
One seed store.
Board of Trade.
Six drug stores.
Four shoe shops.
State University.
Masonic Temple.
Twenty lawyers.
Two paint shops.
Four contractors.
One bicycle shop.
Baseball diamond.
Two ice factories.
Six music schools.
One variety store.
One public library.
Two wagon works.
Two planing mills.
Two racket stores.
Two lumber yards.
One marble works.
Three silversmiths.
Three wood yards.
Five dental rooms.
One express office.
Free mail delivery.
Four beef markets.
Eight barber shops.
Two public schools.
Two music houses.
A telephone system.
Two haberdasheries.
Two abstract offices.
Four pressing clubs.
Two machine shops.
Two bottling works.
Six boarding houses.
One Catholic church.
A military company.
Three jewelry stores.
One phosphate office.
One Chinese laundry.
One Christian church.
Two steam laundries.
Two Advent churches.
One daily newspaper.
Two hardware stores.
One female physician.
Fifteen grocery stores.
Five Baptist churches.
Three furniture stores.
One cold storage plant.
One weekly newspaper.
Seven dry goods stores.
Three cold drink stands.
One electric light plant.
Three blacksmith shops.
Three railways systems.
Eight benevolent orders.
Two Episcopal churches.
United States land office.
One chemical laboratory.
Thirteen Sunday schools.
Two veterinary surgeons.
One Presbyterian church.
Two cigar manufactories.
Four real estate agencies.
Volunteer fire department.
Several lumber companies.
Three Methodist churches.
A brass band organization.
Two photograph galleries.
Two moving picture shows.
Florida Winter Chautauqua.
One semi-weekly newspaper.
Five life insurance agencies.

First-class sewerage system.
Two fertilizer manufactories.
Five fire insurance agencies.
Two livery and feed stables.
One crate and basket factory.
One Elks' Club reading room.
Hardwood Manufacturing Plant.
Agricultural Experiment Station.
Florida Winter Bible Conference.
Five dressmaking establishments.
National Odd Fellows' Sanitarium.
Three undertaking establishments.
Two of the best hotels in the interior.

Two wholesale grain and feed stores.

Two wholesale grocery establishments.

Water "that has made Gainesville famous."

The finest opera house in the State outside of Jacksonville.

A Government building soon to be erected to cost when completed \$150,000.

Carpenters, masons, plasterers, painters, printers, machinists and laboring men galore.

More miles of paved streets and granolithic sidewalks than any other town in the interior of the State.

An \$55,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery, Confederate monument, etc., surrounding it, make it a most attractive picture.

The want ads. do more real estate business than all other brokers combined—in fact, they "start" most of the business that the brokers and agents finish.

Sold in This City

TWO PIANOS AND A DIAMOND RING

Total Cash Value, \$1,000.00

To Be Given Away by the Merchants and The Sun to Citizens of Alachua County!

Each Section Gets a Prize!

Contest to Close August 18, 1909

Realizing that all should share alike in the distribution, leading business houses have joined in the combination to give away Two Handsome Pianos and One Diamond Ring to residents of Alachua county in three different sections. These progressive firms will give One Vote for each penny spent with them.

The pianos will be purchased from the A. R. Harper Piano Co., Jacksonville.

In the event of a tie for any prize offered, a prize similar in all respects thereto will be given each of those tying.

The Gainesville Section Will embrace the city and suburbs and be confined to a radius of four miles in each direction. The winner in this district will be awarded a HANDSOME DIAMOND RING.

Eastern and Southern Section Will comprise territory from Fairbanks all points east and from Rochelle all points south—Waldo, Hawthorn, Island Grove, Campville, Micanopy, Lake View, Tacoma and all points along line of T. & J. Ry. ONE PIANO.

Western and Northern Section Will comprise all stations from Hague to High Springs, Trenton, Wannee, Wilcox, Bell, Newberry, Jonesville, Archer and all settlements covered by this area. ONE PIANO.

How and Where to Get Votes

The following merchants will give one vote for every cent paid into their establishments for goods which they handle:

Gainesville Furniture Company, Furniture.
Phifer & Morris Co., Clothing and Furnishings.
Gainesville Hardware Co., Plumbing and Hardware.
Mrs. F. T. McCormick, Millinery.
W. M. Johnson, Drugs and Medicines.
L. C. Smith, Shoes and Jewelry.
Mrs. R. Wilson, Dry Goods and Notions.
Saunders & Earle, Groceries and Feed Stuffs.
City Bakery, Bread and Pastry.
P. Y. Smith, Fresh Meats.
Crawford & Davis, Livery and Sale Stables.
The Sun, Printing and Publishing.
The Brown House, Meals and Lodging.
N. Francisco, Banana House, Fruits, Etc.
Eddins Mfg. Co., Lumber and Building Material.
Standard Fertilizer Co., Fertilizers.

Where Votes May Be Cast

Ballot boxes will be found in the establishments of the merchants giving votes and at The Sun office. Votes sent by mail must be directed to the Voting Contest Department of The Sun, Gainesville, Florida.

Rules and Regulations

1. The contest is open to anyone living in Alachua county who is known by the conductors of the contest or vouched for by some reputable person, to them well known.
2. No employee, attaché or relative of the proprietors of the above-named firms are eligible to participate in this contest, and will participate in no manner.
3. In the event of a misunderstanding between candidates or others interested in this contest, such controversy may be referred to the conductors of contest, who alone are the persons qualified to render decisions.
4. In the event a candidate decides to withdraw from the race, such candidate will not be allowed to transfer votes to the credit of another candidate in the contest.

M. H. DeLand, cashier of the Bank of Williston, was among the visitors here yesterday. He is an old Gainesville boy and his numerous friends are always glad to greet him.

J. J. Haymans, the turpentine operator of Lochloosa and an extensive property owner of this city, is here for a few days' visit to his family, who are pleasantly located in East Gainesville.

Miss Blanch Rawls arrived in the city yesterday from her home at Alachua and will spend the next few days visiting Mrs. Effie Sutherland, at the home of Mrs. M. B. Saunders, and attend the commencement exercises of the University.

Mrs. H. Ludwig of Tioga was shopping in the city yesterday. She has joined the army of "vote hunters" and is working with a vim for her daughter, Miss Hattie, who is one of the leaders for the handsome piano to be given away in the Western district.

J. M. Holt of Newberry, one of the prominent citizens of that section, was transacting business in Gainesville yesterday. He states that they had a fine rain one day last week, but that more would be highly appreciated at the present time to assist the growing crops.

Dr. and Mrs. A. A. Murphree of Tallahassee have arrived in the city to attend the closing exercises of the State University. It is the intention of Dr. Murphree to remove to this city within a short time and the people will gladly welcome him and his estimable family.

J. L. Weinberg, of the firm of Lartigue & Weinberg, left yesterday for a short business trip to High Springs. Although this is yet a young firm, they are fast coming to the front and with the energy and push they are putting into their business, success is assured them.

W. W. Geiger of Micanopy was here yesterday. He states that very little rain has fallen in his section and the crops are badly suffering. Melons and cantaloupes will commence to move this week in good quantities and a large number of the growers began shipping loupes on Monday.

A called meeting of Kirby Smith Chapter, U. D. C., will be held at the residence of Mrs. J. F. McKinstry, Jr., this (Tuesday) afternoon at 3:30 o'clock for the purpose of formulating plans for observance of Jefferson Davis' birthday—June 3rd. A full attendance of members is earnestly requested. Mrs. F. M. Prewitt, Historian.

Misses Pearl and Ruby Futch of Santa Fe arrived in the city yesterday and will be the guests of Mrs. J. E. Futch for the next several days. They came to attend the commencement exercises of the University.

R. L. Peacock, nephew of Mrs. E. D. Wynn, who has been here for some time, was called by telegram Sunday to his home near Leesburg because of serious illness of his mother. Friends hope that he may find her condition improved.

If you expect to get the original Carbolized Witch Hazel Salve, you must be sure it is DeWitt's Carbolized Witch Hazel Salve. It is good for cuts, burns and bruises, and is especially good for piles. Refuse substitutes. Sold by all druggists.

Caused Much Excitement.

An explosion of an old empty barrel caused a great deal of excitement Monday afternoon at 2:30 in the rear of the drug store of W. M. Johnson. He had emptied an old alcohol barrel some two weeks since, and his delivery boy, just to amuse himself, dropped a lighted match in the "bung hole" of the barrel. And explosion followed which burst the head out and sent it flying to the roof, besides shaking things around the store considerably. It is supposed that gas had formed from the alcohol and caused the combustion.

For HEADACHE—Hicks' CAPUDINE

Whether from colds, heat, stomach or nervous troubles, Capudine will relieve you. It's liquid—pleasant to take—acts immediately. Try it. 10c 25c and 50c at all drug stores
